

## Fact sheet “Change in order of beneficiaries”

---

### Beneficiaries

If the account-holder dies, the following persons shall be entitled to the lump-sum death benefit, irrespective of inheritance law, in the following order (excerpt from Pension Fund Regulations):

1. the surviving spouse or registered partner; failing him:
2. direct descendants and natural persons who were substantially dependent on the account-holder for maintenance, or the person who shared a common life with the account-holder for an uninterrupted period of at least five years immediately prior to the account-holder's death, or who must support one or more of their common children; failing them:
3. his parents; failing them:
4. brothers and sisters; failing them:
5. other heirs.

Save for the direct descendants, the entitlement referred to in point 2 presupposes that the account-holder shall have designated the person(s) concerned to the Foundation in writing during his lifetime. An account-holder may, by written notice to the Foundation, designate one or more beneficiaries within the groups mentioned in point 2 and, if there are several beneficiaries, determine the proportional distribution between them.

The account-holder may, by written notice to the Foundation, decide the proportional distribution among the entitled persons within the individual groups of beneficiaries, and alter the order of beneficiaries in points 3 to 5. The written designation must be filed with the Foundation during the account-holder's lifetime. The account-holder may revoke the designation at any time in writing or by will (with specific reference to occupational benefits).

Beneficiaries shall be required to provide proof to the Foundation that an event justifying termination has occurred or evidencing their entitlement. If there are several beneficiaries and their individual entitlements have not been clearly designated by the account-holder in writing, they shall agree the distribution between them, or the distribution will be decided with the consent of all the beneficiaries. Otherwise, distribution shall be in equal shares.

The amount of the lump-sum death benefit is based on the statutory and regulatory provisions at the time of death.
